

The most beautiful sleep ever made®

Handcrafted in New Zealand with luxury fibres like Wool and Silk, the Sanctuary Paris features the unique Sensorzone sleep system and provides ultra-plush comfort.

KülKöte COPPER

temperature regulating technology

- Kulkote comfort technology helps regulate your body's temperature should you get too cold or hot while sleeping

FUSION:GRAPHENE

balanced temperature

- Breathable memory foam infused with graphene particles
- Helps to conduct heat away from the body for a more comfortable sleep

POWERBAND

strength + support

- Powerband is an innovation which reinforces the Sensorzone support system
- Kevlar bands across critical lumbar support regions emphasizes postural support and alignment

SENSORZONE

no compromise

- Fully integrated comfort and support
- 7 zones to fit to your body shape
- Virtually eliminates partner disturbance

ADDITIONAL FEATURES:

- **Wool & Silk Fibres:** Natural Wool and Silk fibres aid comfort and breathability
- **Eco-friendly Dreamfoam:** Breathable new generation foam for added support

- **Fusion:Gel:** New generation gel-infused memory foam helps relieve pressure
- **Comfort Edge Support:** Sleep right to the edge of the mattress
- **Adjustable Design:** Ideal for use on adjustable bases
